Miralax - Gatorade Prep For Colonoscopy

- 2 Dulcolax tablets
- 1 - 8.3 ounce bottle of Miralax (238 grams)
- 64 oz of clear (not red) Gatorade, Powerade or Powerade Zero

- Mix the entire bottle of Miralax with the 64 oz of Gatorade. Start the prep around 8:00 a.m. the morning before the procedure.
- Take 2 Dulcolax tablets and drink 8 oz of the Miralax mixture.
- Drink 8 oz of the Miralax mixture every hour after until it is completely gone.
- Follow a clear liquid diet throughout the day of bowel prep.
- Be sure to drink plenty of clear liquids through out the day.
- Nothing to eat or drink after midnight.
- Avoid eating nuts and seeds 3 days before procedure.

The hospital will call you around 5:00pm the evening before to let you know what time to arrive for your procedure.
